### EXAMINER'S AMENDMENT

Authorization for this examiner's amendment was given in a telephone interview with Peter Wilde on 1/23/04.

The application has been amended as follows:

This application is in condition for allowance except for the presence of claims 1-4 to an invention non-elected without traverse. Accordingly, claims 1-4 have been cancelled.

In claim 10, after "to the cladding diameter", - of the optical fiber- - was inserted.  
Claim 11 <sup>have been</sup> ~~was~~ cancelled.

The title, "Multimode optical fibers with increased bandwidth" was deleted and - -  
A Method of Impressing a Twist on a Multimode Fiber During Drawing- - was inserted.

### REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The cited prior art fails to disclose or reasonably suggest manufacturing a drawing a multimode fiber having essentially circular core greater than 30 microns from a preform having an essentially circular core in combination with twisting the drawn optical fiber. The closest prior art US 6422043 only draws a multimode optical fiber having a non-circular core from a preform having a circular core.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
